

Getting rid of this wonderful program, would not help the telemarketers sell anything to me. I have caller ID and do not answer any of their calls or I just hang up on them if I happen to answer by mistake. It has been wonderful not to have the phone ring at ungodly hours. And yes, 10 am or 6 pm are ungodly hours for some, especially for people that work the night shift, or others that have no time with their family except dinner time. If they are calling someone that works nights and just fell asleep at 10am that is the same as calling someone that works the day shift at 3 o'clock in the morning. I also consider allowing them to call when I am strongly opposed to them, harrasment on their part!!!!!!!!! I am adamantly opposed to any change to the current do not call law.
